Andrés Ramos (Universidad Pontificia Comillas):

Flexibility in power systems to integrate renewables

Date: 02.07.2024 at 1pm

Place: 4340 Institute of Electricity Economics and Energy Innovation

INFORMATION

Andrés Ramos received a degree in Electrical Engineering from Universidad Pontificia Comillas, Madrid, Spain, in 1982 and a Ph.D. degree from Universidad Politécnica de Madrid, Madrid, Spain, in 1990. Since 1984, he has been at the Universidad Pontificia Comillas. Currently, he is a Full Professor at the Industrial Organization Department and at the Instituto de Investigación Tecnológica.

His areas of interest include operations, planning, and economy of electric energy systems, application of operations research to electric energy systems, and software development.
