

IX Unite! Dialogue

Think Beyond: Unite! for Collective and Sustainable Impact

Graz University of Technology

Graz, 27–29 February 2024

IX Unite! Dialogue at TU Graz

The IX Unite! Dialogue will bring together representatives from all nine Unite! partner universities in Graz, Austria's second largest city and home to [Graz University of Technology](#). Faculty, staff, students, and decision-makers will come together to network, collaborate and discuss the sustainable future of the European University.

The theme "Think beyond: Unite! For Collective and Sustainable Impact" points out the forward-looking approach within the Unite! alliance, emphasizing the importance of collaborative efforts for a sustainable impact in European education, research & innovation. It encourages the community to explore innovative solutions, foster collective thinking, and work together to address challenges, contributing to a lasting positive impact on the higher educational landscape, research & innovation and society as a whole.

During the Dialogue, all participants will have the opportunity to engage in various working group meetings. In addition to these, the IX Unite! Dialogue will feature transversal and plenary sessions that will provide a comprehensive overview of the Alliance's communities, their focus areas and ongoing projects.

Additionally, TU Graz will host the community event **"Unite! Unite! What's in it for me?"** taking place on the 28th of February. This community event aims to vividly showcase the tangible benefits of Unite! for the entire Unite! community, offering a lively presentation of various examples. It is open to those already familiar with Unite! activities and to newcomers, providing insights into ongoing projects, educational offerings, and resources for all Uniter!s.

SURE! (Students in Unite! for Representation and Empowerment) and the Academic Forum will also host their individual sessions, influencing the future objectives and priorities of the Alliance, along with addressing the concerns and goals of their respective communities.

The IX Unite! Dialogue takes place at TU Graz Campus Inffeldgasse. Please refer to the colour code below to know which event or meeting is open to you.
